Homework

Reading - Speaking: Record yourself reading the following story and upload the video to LMS (graba un video de ti leyendo la siguiente historia y súbelo a la plataforma de tareas).

The Story of Maria and Her Amazing Life

Maria has lived in the city all her life. She has always loved the hustle and bustle of the streets, the smell of freshly brewed coffee, and the sound of laughter from the park.

When Maria was a child, she had dreamed of becoming a famous artist. She has spent countless hours honing her craft, and now her paintings have been exhibited in galleries all over the world.

Maria has traveled to many countries, experiencing different cultures and meeting new people. She has tried new foods, has learned new languages, and has made friends from all walks of life. In college, Maria had studied fine arts and had graduated with honors. After graduation, she has worked as a freelance artist, taking on various projects and commissions.

Maria has also volunteered at local art schools, teaching children and adults alike the joys of painting and drawing. She has seen her students grow and develop their own unique styles, and has been proud of the impact she's had on their lives.

Despite all her adventures, Maria has never forgotten her roots. She has always stayed connected to her family and friends, and has continued to support her community through her art.

As Maria looks back on her life, she has realized that every experience, every challenge, and every triumph has shaped her into the person she is today. And she can't wait to see what the future will bring.

Recently, Maria has been working on a new project, a mural in a local park. She has spent weeks designing and painting the mural, and has involved the community in the process. The mural has become a symbol of hope and unity for the community, and Maria has been hailed as a local hero. She has been recognized for her contributions to the arts, and has received numerous awards and accolades.

Through it all, Maria has remained humble and true to her passion for art. She has inspired countless people with her story, and has proven that with hard work and determination, anything is possible.
